Plumbing & Fire Fighting Expo

Connecting the Flow: Where Plumbing and Firefighting Innovation Meet!

25-26 April 2024
Karachi Expo Centre

Welcome

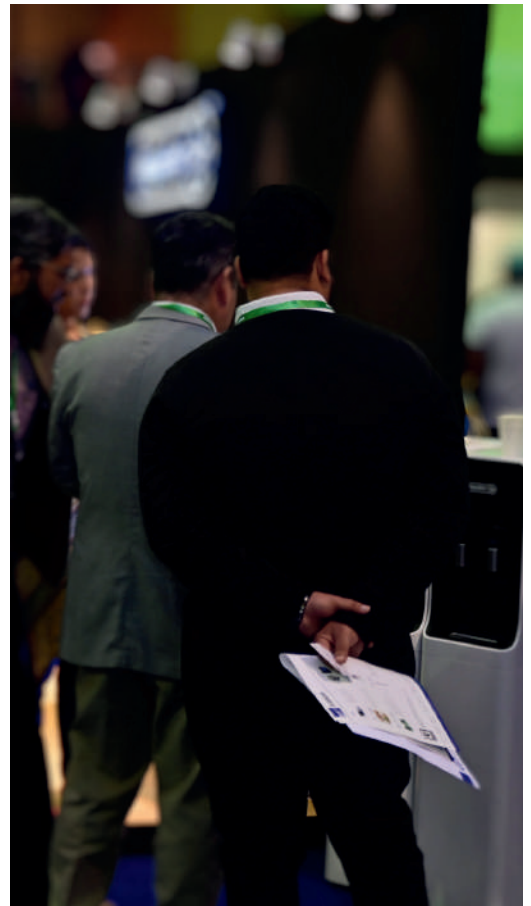

Welcome to the **2nd Pakistan Plumbing & Firefighting Expo**, building upon the success of our inaugural event. This year's edition is a showcase of innovation, technology, and expertise transforming building systems.

We are deeply committed to fostering a platform that not only celebrates the present achievements in the plumbing and firefighting sector but also propels us towards a future defined by enhanced safety, sustainable practices, and unmatched efficiency. We recognize that modern buildings are not merely structures; they are the embodiment of our aspirations, our progress, and our commitment to a better world. Plumbing and firefighting systems are the unseen heroes that underpin these structures, ensuring they stand tall with strength and resilience.

With the theme "**Connecting the Flow: Where Plumbing and Firefighting Innovation Meet!**" this expo is more than an event; it is a convergence of minds, a symphony of ideas, and a testament to the spirit of progress. Here, under one roof, you will find thought leaders, experts, and visionaries who are dedicated to redefining industry norms, embracing cutting-edge solutions, and finding novel ways to elevate the standards of safety and functionality.

The 2nd Pakistan Plumbing & Firefighting Expo will be a canvas on which innovation will paint its boldest strokes. You will witness groundbreaking technologies, engage in thought-provoking discussions, and forge connections that will extend far beyond these halls. From enlightening keynotes by industry luminaries to interactive panel discussions that dissect challenges and opportunities, every moment will be infused with the energy of transformation.

We invite you to immerse yourself in the world of innovation, to explore the possibilities, and to join hands in shaping the future of building systems. Together, let us celebrate the progress we have made and lay the foundation for the remarkable journey that lies ahead.

Total Participants

An exclusive Exhibition for Discerning Attendees:

Welcoming a high volume of relevant **Buyers** and **Visitors**-seeking valuable and meaningful experiences

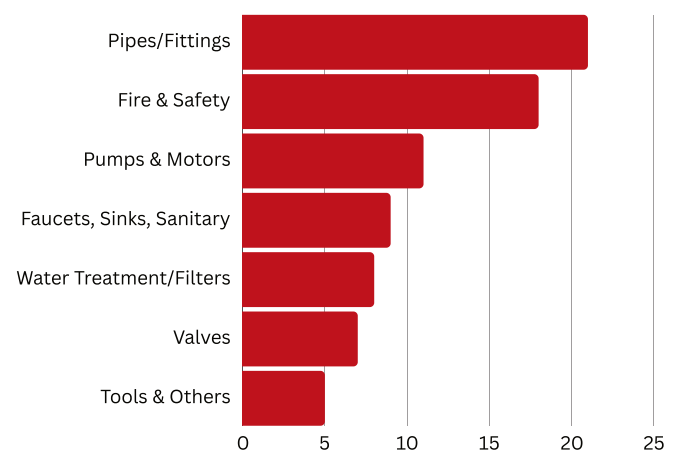

Participation Demographics

Visitors

Sectors

Exhibitors

Associating with the Plumbing & Firefighting Expo is the key to fostering essential business expansion

NETWORKING

Connect with peers, experts, and leaders to build valuable partnerships and collaborations for growth.

VISIBILITY

Boost your brand's visibility and recognition. Position your company as a trusted and innovative solution provider.

INSIGHTS

Get valuable data on customer preferences, competitor offerings, and emerging trends in the plumbing industry.

LEADS

Meet visitors with genuine interest; identify and connect with them who are actively seeking solutions.

PRODUCT LAUNCHES

Ideal platform for launching new plumbing products & services. Create excitement, gather immediate feedback, and potentially secure initial sales for your innovations.

CREDIBILITY

Enhance your products' credibility and legitimacy in the eyes of customers, partners, and investors in the plumbing industry.

Safety, Sustainability, Success: Explore the Expo,

encapsulating the commitment to fostering a safer, more sustainable future while providing opportunities for professional and business success.

Let's examine expert perspectives regarding PPFE

I wholeheartedly applaud PSPP and associates for their pioneering and visionary efforts in successfully uniting the plumbing and firefighting community. This remarkable achievement stands as a testament to their unwavering dedication and commitment to advancing the field of

By providing a platform that fosters collaboration and knowledge-sharing among professionals, PPFE is not only addressing immediate industry needs but is also paving the way for innovative and sustainable solutions in the long term.

Engr. Farooq Mehboob
Presidential Member ASHRAE
PAST PRESIDENT PAKISTAN HVACR SOCIETY

I am honored to have had the privilege of speaking at PPFE, Pakistan's inaugural forum dedicated to the Plumbing and Firefighting industry.

This distinguished event serves as a platform to shed light on critical facets of fire safety in tall buildings, encompassing discussions on design, equipment selection, and installation challenges. PPFE stands as a valuable initiative aimed at addressing and resolving some of the most pressing issues within the fields of fire safety and plumbing.

2022 highlights Moments we remember

Extensive range of Solutions where competency and excellence are leading under one-roof environment

Products Profile

Pipes & Fittings:

PVC and steel pipes
 Pipe couplings, fittings & systems
 Sewage pipes, stormwater
 Piped gas systems
 Plumbing booster systems
 Plumbing fixtures and fittings
 Supply Hoses

Pumps & Motors

Water pumps
 Solar Pumps
 Vacuum pumps & systems
 Fire pumps
 Sewerage pumps & equipment
 Installation systems and mounting technology

Valve System (Water / Gas / Air)

Valve system for domestic and industrial use
 Control, automatic and flush valves
 Automatic valves
 Air valves & systems

Pools & Gardens

Swimming Pools (Concert, Fiber Glass, Above Ground, Vinyl Liner Pools)
 Fountains
 Wash fountains
 Drinking fountains

Plumbing Products for Agriculture sector

Drip Water Irrigation for agriculture use
 Plumbing and piping solutions for agriculture user

Fire & Safety

Fire Extinguishers (Water, Foam, Dry Powder, CO₂, Wet-Chemicals)
 Fire Blankets
 Fire Hose Reels
 Fire Alarm System
 Fire Hydrants
 Fire Sprinklers
 Suppression System
 Fire Doors and Frames
 Smoke Detector
 First Aid Kits
 Fire pumps, engines, controllers & accessories
 Disaster preparedness/prevention/recovery
 Safety Products

solutions for Kitchen & Bathrooms

Faucets
 Faucets – sensor operated
 Sinks & Tubs
 Sanitary
 Bathroom equipment & fittings
 Toilets, cisterns, urinals, WCs
 Kitchen, housework room and special equipment
 Vanities
 Toilets/toilet seats
 Bathroom fittings
 Showers, baths, basins and mixers
 Grease, oil & solids interceptors
 Fixtures – tubs/toilets/basins
 Fixtures – stainless steel

Water Heating & Cooling Systems

Water heaters – electric & gas tank type
 Water heaters – instantaneous
 Water heaters – Geysers & boilers
 Water coolers
 Insulation and sealing material, pipe throughput holes

Water, Filters, Water Treatment & Storage

Water treatment chemicals and systems
 Reverse Osmosis System (Domestic and Industrial)
 Drains/drain systems
 Rainwater/stormwater collection systems
 Gray Water collection and recovery
 Tanks – storage & pressure

Industrial Safety Products

Spill Kits, Breathing Apparatus, Lockout Tagout, Road Safety Equipment

Personal Safety Products

Hand Protection, Body Protection, Safety Helmets, Fire boots and footwear

Others

Plumbing Tools, Hardware & Instruments
 Project management tools
 REVIT/BIM provider
 Traps
 Workwear
 Actuators & Accessories
 Carriers
 Compressors
 Computer software & CAD systems
 Design consulting
